GOLF & GREENS

Notes from the Pro:

The weather has started to change and the season is winding down. We have a few more tournaments left on the 2019 schedule and want to thank you all for the support this year.

If you are interested in volunteering for the 6A Girl's High School State Championship on October 1-2 please contact the golf shop for more details.

The **Feriba McNair Fall Classic** will be on October 5-6 and registration will be open until October 4th. We will be starting both days with a 1:00PM shotgun start. Please contact the golf shop for more information and to register today.

Callaway will be having a fitting day for their new JAWS MD5 wedges on October 5th. The fitting will last from 12:00PM – 5:00PM. Please let the golf shop know if you would like to schedule a time.

On October 18th we will be hosting the Chilirhea Golf Tournament. The course will be closed that day for the tournament.

If you have not stopped by the golf shop lately, please come see us soon! We have received a lot of new merchandise for the fall that you will really enjoy and have expanded our selection of sizes to fit everyone.

If you have golf shop credit on the books, please remember to use it **before Dec. 31st**. **Once the New Year begins, all credit will be gone.** After October 31st **no special orders.**

Keep in mind the **Grinch Event In December** (No Loose for You) and our **Annual Golf Shop Christmas Sale**. More info to follow.

Congrats to all Stroke Play Champions!

Championship	Ben Viguerie
Open	Ben Fuller
Senior	Kevin Williams
Super Sr.	Tom Dykman
Women's	Rachael Rickels

GOLF & GREENS

Golf & Greens:

Last week, fall officially began. And while it has not exactly felt like autumn lately, the golf course maintenance staff has been busy preparing for the colder months.

Our first order of business was this week's greens aerification. Ideal weather and growing conditions have led to a rapid recovery of the greens and they will be back to normal in only a few more days. Our tournament schedule did not allow us to make the holes as big as we would like, so we will likely come back in a few weeks and aerify some spots that have more thatch and organic matter. These areas are more common in the low areas of greens where the moisture tends to settle. It is important to aggressively manage the organic accumulation in these areas to prevent disease and poor putting quality.

Two weeks ago, we started applying our fall pre-emergent application for the prevention of winter weeds on fairways, tees and around greens. This application is applied with a fertilizer high in potassium. Potassium is important for preparing the bermudagrass for the winter months providing some defense against winter injury. We will continue applying potassium through the next 4-6 weeks on fairways, tees and around greens.

This is also the time of year we raise the heights of cut on fairways, tees and greens surrounds. We mow these areas at approximately a $\frac{1}{2}$ inch mowing height throughout most of the growing season. However, in September, we begin gradually raising the height to approximately $\frac{3}{4}$ inch by late October. Considering we usually experience around 5 months of dormancy in northwest Arkansas, this extra canopy is important for providing protection for the bermudagrass against traffic and winter injury. It also helps provide an acceptable playing surface during this long dormant period.

With approximately 1500 trees on the property, leaf removal is a big task this time of year. This will be a constant battle for the next 6 weeks or so, but we will do our best to keep the course as clean as possible so you can enjoy, what I believe is, the best time of year to play golf. I hope to see you on the golf course soon.

-Brandon Nichols, Golf Course Superintendent

FOOD & BEVERAGE

Chef's Cravings:

Well, after 4 months of marriage I finally took my honeymoon this past month. It was great! I haven't really taken a full week vacation from work and/or reality since I have been here other than a few short days here and there, but never a full 7 days. My wife and I went to Dauphin Island, Alabama, as suggested by GM John himself. I'm glad we took his advice because it's beautiful! I have never been to the ocean but my wife has been a few times. There is something about looking into the abyss of the blue earth, that is very soothing. The island itself is on a 3 mile bridge off the coast of Mobile, Alabama, which I believe is about 14 miles long and 2 wide. We went swimming every day at the white sands public beaches and ate out for every meal. I partook in eating lots of blue softshell crab and gulf shrimp which is all fresh from the ocean. And what makes it even better is that the prices are lower because the seafood is so readily available. We found that our favorite place to eat was the golf club restaurant, Pirates Bar and Grill. They had the most delicious fried crab cakes I have ever had, and best part, only \$18.99 for 3 of them. That's a steal compared to land locked Arkansas. We tried all but one or two restaurants on the island. I got the experience of seeing crabs, jellyfish, pelicans, and many sea creatures I've never seen in real life. We collected a bunch of sea shells and sand to bring back as souvenirs for family and ourselves. Overall it was an amazing experience and I'm glad we had the opportunity to go. If you are looking for a vacation spot that's not super overpopulated I would absolutely

recommend Dauphin Island, especially in September due to the "off season". Now, back to reality! Don't miss out on our Oktoberfest event on the 11th. This will be a fun night with some delicious German food such as schnitzel, brats, spaetzel along with great beer & wine!

- Chef Levi Zindl

FOOD & BEVERAGE

Cass's News:

Hello All! Well it's been a great summer here at FCC. It's also been an amazing summer for me personally. Transitioning from being a full service restaurant manager to a Country Club manager has been quite the fun challenge. I have learned so much, and have so much more to learn about the Club business. I have also had so much fun getting to know all the members as well. I want to thank all of you for the laughs, the patience, the kindness and the help I have received! I am really looking forward to what's to come as I proceed into my new career, here with all of you. I would also like to thank John Spies for taking me under his wing. He teaches me something new every day and is patient with me as I learn to do this job. He gives me the room to grow and improve and I'm very appreciative! I've had a great 7 months so far and can't wait to keep going. Thank you sincerely everyone!

-Cassandra Center, Food and Beverage Director
